

Symposium on Acoustic Metamaterials

<https://sam-2026.sciencesconf.org/>

Leuven 2026

The 5th Symposium on Acoustic Metamaterials will be held at **KU LEUVEN, BELGIUM** from **15 to 17 APRIL 2026**.

An event created by young researchers, for young researchers — proudly organised by **YRAM** (Young Researchers in Acoustic Metamaterials).

Symposium Topics:

- Acoustic/elastic metamaterials
- Acoustic/elastic phononic crystals
- Acoustic/elastic metasurfaces
- Non-reciprocal and time-modulated wave control
- Nonlinear and topological acoustic
- Functional applications

Confirmed Plenary Speakers

Felix Langfeldt (ISVR, University of Southampton - UK)
Varvara Kouznetsova (Eindhoven University of Technology - NL)
Marie Touboul (CNRS, POEMS, ENSTA - FR)
Nicolas Noiray (ETH Zürich - CH)

Abstract Submission Deadline: February 1

Registration Deadline: March 15

The registration fees (275 €) include coffee breaks and 3 lunches from April 15 to 17, as well as exciting social events on April 16 and an extra social day on April 18.
